

GTA 5 modded accounts are PC SocialClub accounts that we have set up from scratch with email login access and bought a copy of GTA 5 to redeem on it, and then modded the account up with lots of GTAS\$ money, RP ranks, unlocks, modded cars, casino chips, and various properties.

Our modded accounts are tested safe every day and are guaranteed ban proof and money wipe proof.

Our modded accounts come in 3 tiers: \$500,000,000 GTAS\$ cash, \$900,000,000 GTAS\$ cash, and \$2,000,000,000 GTAS\$ cash, all with RP rank, complete unlocks, modded cars, properties, and full access login.
